George,

Are you informing media that best way to get daily information is to call in to the daily press call and provide the call in info? They may not be on lists.

We are not able to respond to all media inquiries. We're getting closer to being able to now as we staff up but this could help.

Lisa

Subject: Reporter seeking statement on Silverton, CO spill

I'm a reporter with Law360, a legal newswire based in New York, working on a story about the above spill from the Gold King mine. Please let me know if an EPA representative would be available to comment on progress with the cleanup and dealing with claims, or if there's an official statement available.

I'm on deadline, so a response at your earliest convenience would be much appreciated. I can be reached at [646-350-1357](tel:646-350-1357) or by return email.

Thank you,

Andrew Westney
